Re WFO letter to Bureau, 9/4/62, enclosing list of individuals who had indicated their intention to travel to Moscow in 1959. Relet requested that individual cases be opened for preliminary investigation and recommendations concerning interview. Among the individuals listed was PHILIP B. GEORGE, JR. and NY indices do not reflect that he has been interviewed.

GEORGE's date of birth was listed as 7/22/23, his address as 150 East 50th Street, NYC, and his employment as George Nelson Company.

LEASE that PHILIP GEORGE left this company in March, 1962, and his address was 411 East 58th Street, NYC. Mr. MITCHELL said his records show that GEORGE's business phone now is IT 1-6611.

An anonymous phone call on 7/12/63, by SA LEASE to this number reflected that IT 1-6611 is that of the United States Commission for the New York World's Fair, 60 West 49th Street, NYC.

Philip B. George, Jr.  
(Visit of American

Committee to Union of

1959)

Philip B. George, Jr., 411 East 58th Street, New York, New York, Assistant Commissioner, United States Commission, New York World's Fair, 60 West 49th Street, New York, New York, advised Special Agent (SA) Robert Vanderhoven on September 18, 1963, that he was in charge of the crew of employees from the George Nelson Company of 25 East 22nd Street, New York, New York, who were sent by said company to work on the American National Exhibition in Moscow, Union of Soviet Socialist Republics (USSR), in 1959.

Mr. George stated that he had never been approached by any Soviet national and he knew of no other employees of the Exhibit of his acquaintance having been approached in such a manner which would indicate compromise on his or their part or of a nature which would not have been in the best interest of the United States.

Mr. George stated that the only unusual incident was when a young male Russian, claiming to be a student architect, approached him and several of his colleagues on a Moscow street. This unknown Russian tried to engage in conversation with them stating he knew they were architects. Mr. George advised that he never learned how this young Soviet knew that he and his colleagues were in fact architects, and he never saw nor heard of the young Russian again.
